About Us

Capricorn Bulk Haulage (CBH) is part of the Clermont Group of Companies

“We are the Coal Handling and Distribution Specialists”

Our mission is to supply our valued customers in Queensland, New South Wales and Victoria with high quality thermal coal products using our extensive knowledge of available coal resources and technical know-how in the processing and handling of coal. With quality assurance programs in place our trained team strives to give our customers the best quality service experience along with safety being paramount with everything we do.

Our Core Services include Coal Supply (including sourcing, processing and delivery), Magnetite Logistics/Haulage and Equipment Hire. Capricorn Bulk Haulage is based in Clermont with depots in Mackay, Gladstone and Chinchilla.

Coal Supply

Based in Clermont, Central Queensland, CBH is a privately owned company specialising in the procurement and supply of thermal coal products for domestic industrial users.

CBH has strong relationships with a range of major coal companies and can supply sized and screened coal products throughout Queensland, New South Wales and Victoria.

CBH offers a full range service from procurement of raw product, crushing screening and sizing of finished product through to loading and transport logistics.

We are able to work with customers to develop tailor made coal products for their particular requirements, ensuring maximum productivity of their coal boilers.

Coal products available include:

Analysis/Basis	Clermont	Tarrawonga	New Acland	Cameby Downs

"Safety is our Highest Priority"

Health & Safety Policy

The health and Safety of all personnel engaged on Capricorn Bulk Haulage sites will be integral to all the plans, contracts and procedures involved in the future design and development of the quarry.

Management are committed to ensure that everyone is provided with a safe and healthy place in which to work, and that compliance is made with all relevant legislation, codes and standards.

Safety is a team commitment involving managers, supervisors, contractors, suppliers and employees working together through consultation and co-operation. An individual observing unsafe or unhealthy acts or situations has a duty of care to address the situation immediately and directly with the person or persons involved.

It is the right of all personnel to express their concerns over health and safety in the workplace and to expect those concerns to be addressed is recognized and supported.

Information, instruction and training in safe methods of work, relevant legislation, safety procedures etc, will be provided to all site personnel.

Safe behavior and performance of managers, supervisors, contractors, suppliers and employees will be assessed regularly together with other performance indicators.

This policy commits and involves all Capricorn Bulk Haulage employees.

Drugs and Alcohol Policy

Capricorn Bulk Haulage is committed to providing a safe and healthy workplace for all employees, contractors and visitors.

The purpose of this drug and alcohol policy is to bind all persons, subcontractors, employees and staff by:

- Ensuring a safe and healthy environment for all persons on Capricorn Bulk Haulage sites, whereby no person on site is put at risk from the effects of drugs and alcohol.
- Create an environment where all persons recognize the safety and health risks of the use of drugs and alcohol.
- Foster a culture amongst all persons on all sites that it is neither acceptable nor legal to come to work impaired by drugs and or alcohol.
- Encourage all persons to take responsibility for their own wellbeing and fitness.
- Direct employees who have or could have a dependency on drugs and alcohol towards employee assistance programs.
- Provide information to employees so that they may better understand, manage, and if necessary, modify their usage of drugs and alcohol.
- Participate in random drug and alcohol testing.
